Wood Fuels Grown in Britain

Boost your woodfuel marketing

with Grown in Britain licensing

Promote your reputation as a supplier of British wood fuel, grown and produced in a way that actively supports sustainable forest & woodland management. Get licensed with Grown in Britain and use our brand to promote your business.

HOW DOES IT WORK?

If your woodfuel comes from 100% British-grown sources you can apply for a Grown in Britain Woodfuel Licence. Our licence is recognised by the Biomass Suppliers List and assists with RHI evidence as detailed in the Timber Standard for Heat & Electricity. Your supply chain, operations and processes will be audited prior to a licence being awarded.
